## PROFILE

As a BCA student with hands-on learning in Java Full Stack Development, I have a strong foundation in programming and web development concepts. I am adaptable, detail-oriented, and enthusiastic about contributing to IT projects while continuing to improve my technical skills.

## SKILLS

**I have foundational knowledge in Core Java, HTML, CSS, JavaScript, and SQL, along with basic computer troubleshooting, software installation, and strong problem-solving and communication skills. I am a quick learner, adaptable, and eager to apply my technical knowledge in real-world scenarios.**

- Core Java(Arrays,Exception Handling,OOPs,Collection Framework)
- Backend(Spring Boot,Microservice,Rest API,CRUD operations)
- Frontend(HTML,CSS,JavaScript,React)
- Database(SQL/Database Fundamentals)

## PROJECTS

**Employee Management System**

- Tech Stack: Java, Spring Boot, REST API, React.js, MySQL, Hibernate/JPA
- Developed a role-based Employee Management System using Spring Boot and React.js.
- Implemented Admin & Employee authentication with secure login.
- Admin can add, update, delete employee records and approve/reject leave requests.
- Employees can view employee details and apply for leave
- Integrated RESTful APIs with MySQL database using Spring Data JPA.

## COURSES

**Java Full Stack**

Hands-on learning in Core Java, JDBC basics, HTML/CSS/JS, and SQL, along with an introduction to backend frameworks and full-stack development workflows.

## EDUCATION

**Bachelor of computer application and management** 2023 – 2026

*Dr APJ Abdul kalam college ,Beed.* Beed,India

Pursuing BCA and learning core IT concepts such as programming, DBMS, and web technologies. Also undergoing training in Java Full Stack Development to build strong technical skills.
